# Royal Canin, the nutritional expertise through Health Nutrition

## Our mission:

For over 40 years, Royal Canin has been committed to an approach leading to Health Nutrition with the aim of providing more precise nutritional answers, adapted to the specific needs of dogs and cats.

These answers are based on 2 clear and complementary sources: Observation and Science. Indeed, Health Nutrition implies perfect knowledge of the animal, enhanced by the expertise of breeders and professionals alike, in addition to research in partnership with scientists.

"Dog and Cat First" and "Knowledge and Respect" of dogs and cats have become the ethics of the brand, governing the development of each new invention. "Dog and Cat First" commitment fully conveys the central place occupied by the dogs and cats through our innovation process.

## 40 YEARS of HEALTH NUTRITION

1967

### DRY & SOUP

1<sup>st</sup> dry Royal Canin diet for dogs created by the veterinarian, Dr Jean Cathary, in the south of France.

1980

### AGR

A major innovation: 1<sup>st</sup> large breed puppy product, taking into account both age and size.

1994

### RCFI

1<sup>st</sup> product range for cats & kittens.

1997

### RCCI SIZE

1 size, 1 age, 1 product: Royal Canin opens up paths into a new territory.

1999

### PERSIAN 30

1<sup>st</sup> product tailored to one specific pure breed cat: Persian cats - followed by the Yorkshire Terriers, in 2002.

2001

### GIANT

Launch of GIANT, a real innovation, diets for very large dogs.

2008

### BREED

1 breed, 1 product: a range specifically aimed at over 20 dog and cat breeds. Health Nutrition enters a whole new dimension.

2009

### FHN WET

A new Royal Canin breakthrough for feline health care. The ranges includes trays of mousse or chunks in gravy.

2010

### BIRTH & GROWTH

Unique nutritional answers to meet the very specific needs of the mother & her puppies.

2011

### X-SMALL

A range answering the specific needs of very small dogs (up to 4kg)

# Royal Canin, the nutritional expertise through Health Nutrition

## Our values

### Sustainable Development

People, Planet, Performance, the Royal Canin approach is part of a sustainable and responsible project.

**ROYAL CANIN**

&

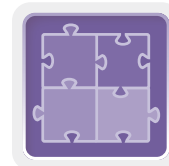

### Knowledge & Respect of cats and dogs

Our commitment to "Knowledge and Respect", a genuine part of the brand's DNA, is based on observation and science.

### Quality & Food Safety

By being ever more demanding, Royal Canin guarantees optimum Quality and Food Safety.

### Nutritional Philosophy

Royal Canin's entire Nutritional Expertise is based on the precision and value of nutrients.

### Health Benefits

Living a better and longer life thanks to perfectly adapted nutritional answers.  
Health Nutrition, fit for a lifetime..

# Royal Canin, the nutritional expertise through Health Nutrition

## Our unique nutritional philosophy: nutrients at the heart of the ingredients

The formulation of our nutritional answers is like a complex puzzle of nutrients (proteins, lipids, glucides, amino acids, fatty acids, mineral salts, vitamins and oligo-elements), the construction of which means we can guarantee a constant nutritional formula and respect the needs of each dog. The main objectives of Health Nutrition are to maintain the organism, provide energy, nourish and support.

## Families of nutrients

### **Carbohydrates :**

The term "carbohydrates" mostly includes sugars, fibre and starch. They play an essential role in enhancing body function in dogs and cats.

### **Lipids :**

More commonly called fats, they provide all of the energy that animals naturally require along with essential fatty acids, vital to body functions. Lipids also act on coat quality and contribute to a healthy nervous system.

### **Proteins :**

They are composed of chains of hundreds of amino acids belonging to twenty different types (10 of which are essential in the dog and 11 in the cat), they contribute to forming and renewing tissue, muscle and the skeleton.

### **Minerals :**

Macro-elements (calcium, phosphorous, potassium...) play a number of roles in the body, including ossification, energy and sensory impulses for example. Trace elements contribute, amongst other things, to healthy skin, bones and coat.

### **Vitamins :**

They play a vital role in the body (skin renewal, antioxidants, skeleton...).

### **Water :**

The animal's water requirements are mainly, but not entirely, met through drinking. The diet also contributes, firstly through its water content and secondly through the water produced as nutrients are assimilated (e.g. the use of one gram of lipids produces a little over one gram of water in the body).

# Size Health Nutrition

**1 size, 1 age, 1 nutritional answer »**, an unique approach...

[ For each **size** ]

[ For each **lifestage** ]

- Growth
- Adulthood
- Maturity

[ For each **specificity** ]

- Skin irritation
- Sterilised
- Overweight
- Delicate appetite
- Digestive sensibility
- Active dogs

[ With exclusive kibbles ]

Adapted to different **jaws**  
with different **textures**  
and a very high **quality** !

# BABYDOG MILK 1<sup>st</sup> age milk

For all dogs  
From birth to weaning

2kg bucket:  
5 x 400g sachets

400g box:  
4 x 100g sachets

## HARMONIOUS GROWTH

For steady, harmonious growth, the composition of Babydog milk is as close as possible to bitch's milk, with high energy and protein levels.

## DIGESTIVE SAFETY

Babydog milk contains carefully selected ultra-digestible proteins, and has a lactose content very close to that of maternal milk. It is particularly suitable for the puppy's digestive system, because it does not contain starch, (puppies don't secrete enough amylase to digest starch). Finally, the addition of Fructo-Oligo-Saccharides (FOS) helps maintain a healthy balance of digestive flora.

## EASY TO PREPARE

Thanks to its exclusive formula, Babydog milk dissolves instantly and completely, with no sediment, creating a totally homogenous formula.

## DHA ENRICHED

The puppy's nervous system continues to develop after birth. DHA naturally present in maternal milk helps develop cognitive function, and so Babydog milk is enriched with DHA.

## INGREDIENTS

### Composition

Milk proteins, animal fats, whey protein, soya oil, copra oil, fish oil (source of DHA), minerals, fructo-oligo-saccharides, flavour.

### Additives (per kg)

Nutritional additives: Vitamin A: 25000IU, Vitamin D3: 1500 IU, E1 (Iron): 100mg, E2 (Iodine): 4 mg, E4 (Copper): 15 mg, E5 (Manganese): 80 mg, E6 (Zinc): 230 mg, E8 (Selenium): 0.43 mg, Taurine: 2.5 g - Antioxydants.

## FEEDING GUIDELINES

ROYAL CANIN

BABYDOG MILK 1<sup>st</sup> age milk  
DOG

# X-SMALL Junior

For very small dogs. Adult weight up to 4 kg  
From 2 to 10 months old

**VERY PALATABLE &  
VERY SMALL KIBBLE**

This small-sized kibble has been developed to be perfectly adapted to the miniature jaw of dogs under 4 kg. Its exclusive formula also helps stimulate fussy appetites in very small breed dogs.

## Healthy digestion & transit

An exclusive combination of nutrients to support digestive health (L.I.P. proteins) and a balanced intestinal flora (prebiotics). **VERY SMALL BREED PUPPIES** are prone to constipation. A balanced intake of fibres (including psyllium) helps facilitate intestinal transit and contributes to good stool quality.

### INTENSIFIED ENERGY CONTENT

Meets the very high energy needs of very small breed puppies during the growth period, and satisfies fussy appetites.

### DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

### NATURAL DEFENCES

Helps support the puppy's natural defences, thanks particularly to a patented antioxidant complex and prebiotics.

## INGREDIENTS

### Composition

Dehydrated poultry meat, rice, maize, animal fats, vegetable, protein isolate\*, maize gluten, hydrolysed animal proteins, beet pulp, minerals, soya oil, psyllium husks and seeds (1%), fish oil, fructo-oligo-saccharides, hydrolysed yeast [source of manno-oligo-saccharides], marigold extract [source of lutein].

### Additives (per kg)

Nutritional additives: Vitamin A: 21800 IU, Vitamin D3: 1000 IU, E1 (Iron): 46 mg, E2 (Iodine): 4.6 mg, E4 (Copper): 9 mg, E5 (Manganese): 59 mg, E6 (Zinc): 178 mg, E8 (Selenium): 0.08 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

ROYAL CANIN

X-SMALL Junior Very small dogs up to 4 kg

DOG

# X-SMALL Adult

For very small dogs up to 4 kg  
From 10 months to 8 years old

**VERY PALATABLE &  
VERY SMALL KIBBLE**

This small-sized kibble has been developed to be perfectly adapted to the miniature jaw of dogs under 4 kg. Its exclusive formula also helps stimulate fussy appetites in very small breed dogs.

**Healthy transit**

**VERY SMALL BREED DOGS** are prone to constipation. A balanced intake of fibres (including psyllium) helps facilitate intestinal transit and contributes to good stool quality thanks to highly digestible L.I.P. proteins.

## COAT CONDITION

This formula contains nutrients that help support a healthy skin and coat. Enriched with EPA-DHA.

## URINARY TRACT HEALTH

Helps support a healthy urinary system in very small breed dogs.

## DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Rice, dehydrated poultry meat, maize, animal fats, maize flour, maize gluten, hydrolysed animal proteins, vegetable protein isolate\*, chicory pulp, minerals, soya oil, psyllium husks and seeds (1%), yeasts, fish oil, fructo-oligo-saccharides.

### Additives (per kg)

Nutritional additives: Vitamin A: 22200 IU, Vitamin D3: 1000 IU, E1 (Iron): 51 mg, E2 (Iodine): 5.2 mg, E4 (Copper): 10 mg, E5 (Manganese): 67 mg, E6 (Zinc): 200 mg, E8 (Selenium): 0.09 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

# MINI Starter

For small dogs. Adult weight up to 10 kg  
Bitch during gestation and lactation - Weaning puppies up to 2 months old

**START COMPLEX**  
Digestive Health - Natural Defences

The fruit of ongoing science from Royal Canin, START COMPLEX is an exclusive combination of nutritional elements which are present in mother's milk, reinforced with specific nutrients which actively contribute to promoting digestive health and supporting the puppy's natural defences.

**Birth programme**

Inspired by Professional research, **BIRTH PROGRAMME** is a unique nutritional solution which meets the needs of the bitch and her puppies during the first five stages of life cycle: gestation, birth, lactation, weaning, and growth up to 2 months old.

## GESTATION/LACTATION SUPPORT

Nutritional profile which is adapted to the bitch's high energy needs at end of gestation and during lactation.

## IDEAL FOR TRANSITION FROM MILK

Nutritional response which facilitates the transition from mother's milk to solid food (energy value, quality protein, fats).

## EASY REHYDRATION

The kibbles easily rehydrate to a porridge-like consistency which is very palatable for the bitch and her weaning puppies.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, animal fats, vegetable protein isolate\*, maize, beet pulp, hydrolysed animal proteins, minerals, fish oil, soya oil, fructo-oligo-saccharides, fatty acid salt, hydrolysed yeast (source of manno-oligo-saccharides and beta-glucans), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 13900 IU, Vitamin D3: 1200 IU, E1 (Iron): 47 mg, E2 (Iodine): 3.6 mg, E4 (Copper): 8 mg, E5 (Manganese): 61 mg, E6 (Zinc): 201 mg, E8 (Selenium): 0.08 mg, Beta-carotene: 40 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

MINI Starter Small dogs from 1 up to 10 kg

DOG

# MINI Junior

For small dogs. Adult weight up to 10 kg  
Up to 10 months old

## Digestive health

An exclusive combination of nutrients to support digestive health (L.I.P. proteins) and a balanced intestinal flora (prebiotics) which contributes to good stool quality.

### INTENSE ENERGY CONTENT

Meets the high energy needs of small breed puppies during the growth period, and satisfies fussy appetites.

### DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

### NATURAL DEFENCES

Helps support the puppy's natural defences, thanks particularly to a patented antioxidant complex and prebiotics.

## INGREDIENTS

### Composition

Dehydrated poultry meat, rice, animal fats, vegetable protein isolate\*, maize, beet pulp, maize flour, hydrolysed animal proteins, maize gluten, soya oil, fish oil, minerals, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 17300 IU, Vitamin D3 : 1000 IU, E1 (Iron) : 43 mg, E2 (Iodine) : 3.4 mg, E4 (Copper) : 8 mg, E5 (Manganese) : 56 mg, E6 (Zinc) : 186 mg, E8 (Selenium) : 0.07 mg - Technological additives : Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

## FEEDING GUIDELINES

MINI Junior Small dogs up to 10 kg DOG

# MINI Adult

For small dogs up to 10 kg  
Over 10 months old

**Maintains ideal weight**

Helps maintain ideal weight in small breed dogs by perfectly meeting their high energy needs and promoting fat metabolism by L-carnitine.

#### ENHANCED PALATABILITY

Satisfies the fussy appetite of small breed dogs by means of its formulation and a selection of exclusive flavourings.

#### COAT CONDITION

This formula contains nutrients that help support a healthy skin and coat. Enriched with EPA-DHA.

#### DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Maize, maize flour, dehydrated poultry meat, animal fats, maize gluten, hydrolysed animal proteins, vegetable protein isolate\*, beet pulp, minerals, yeasts, soya oil, fish oil, fructo-oligo-saccharides.

### Additives (per kg)

Nutritional additives: Vitamin A: 22200 IU, Vitamin D3 : 1000 IU, E1 (Iron): 42 mg, E2 (Iodine): 4.2 mg, E4 (Copper) : 8 mg, E5 (Manganese): 54 mg, E6 (Zinc): 162 mg, E8 (Selenium): 0.1 mg, L-carnitine: 50 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

MINI Adult Small dogs up to 10 kg  
DOG

# MINI Adult 8+ YEARS OLD

For small dogs up to 10 kg  
From 8 to 12 years old

## Vitality support

The content of nutrients in this formula helps maintain vitality in small breed dogs facing the first signs of ageing. Contains a patented complex of antioxidants.

### ENHANCED PALATABILITY

Satisfies the fussy appetite of small breed dogs by means of its formulation and a selection of exclusive flavourings.

### MAINTAINS IDEAL WEIGHT

Helps maintain ideal weight in small breed dogs through promoting fat metabolism by L-carnitine.

### DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Maize, rice, dehydrated poultry meat, animal fats, maize gluten, maize flour, vegetable protein isolate\*, hydrolysed animal proteins, beet pulp, soya oil, minerals, yeasts, fish oil, fructo-oligo-saccharides, borage oil, green tea and grape extracts (source of polyphenols), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 22000 IU, Vitamin D3: 1000 IU, E1 (Iron): 47 mg, E2 (Iodine): 4.7 mg, E4 (Copper): 8 mg, E5 (Manganese): 60 mg, E6 (Zinc): 181 mg, E8 (Selenium): 0.08 mg, L-carnitine: 50 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

MINI Mature +8 Small dogs up to 10 kg

# MINI Dermacomfort

For small dogs up to 10 kg prone to skin irritation and itching  
Over 10 months old

**Reduced allergen formula**

Specific formula with selected protein sources of very high quality. **DERMACOMFORT** is particularly suited to dogs prone to skin irritation and itching.

## HEALTHY SKIN COCKTAIL

"Healthy Skin Cocktail": a unique combination of nutrients containing a patented complex to help support the skin's barrier role, combined with Omega 6 fatty acids (including gamma-linolenic acid) and Omega 3 fatty acids (including EPA and DHA) known for their beneficial effects on skin.

## DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Rice, wheat gluten\*, animal fats, wheat, maize gluten, maize, husked oats, hydrolysed poultry liver, minerals, soya oil, beet pulp, fish oil (source of EPA and DHA), flax seeds (source of omega 3), fructo-oligo-saccharides, borage oil (source of gamma-linolenic acid), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 30500 IU, Vitamin D3: 800 IU, E1 (Iron): 55 mg, E2 (Iodine): 5.5 mg, E4 (Copper): 11 mg, E5 (Manganese): 71 mg, E6 (Zinc): 214 mg, E8 (Selenium): 0.12 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

MINI Dermacomfort Small dogs up to 10 kg

# MINI Light

For small dogs up to 10 kg with tendency to gain weight  
Over 10 months old

## Weight management

Helps reduce your dog's energy intake by 18%\* while giving the same quantity of food. Helps achieve ideal weight by combining a high protein level (30%) with a low fat content (11%) and L-carnitine to aid the metabolism of fats while maintaining muscle mass.

\*Compared to a maintenance feed.

### APPETITE SATISFACTION

Enriched formula with fibres which contributes to reducing the feeling of hunger between meals while satisfying the dog's appetite.

### DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Dehydrated poultry meat, maize, barley, rice, maize gluten, vegetable fibres, vegetable protein isolate\*, hydrolysed animal proteins, animal fats, beet pulp, yeasts, fish oil, minerals, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, borage oil, green tea and grape extracts (source of polyphenols).

### Additives (per kg)

Nutritional additives: Vitamin A: 22400 IU, Vitamin D3: 1000 IU, E1 (Iron): 38 mg, E2 (Iodine): 3.8 mg, E4 (Copper): 7 mg, E5 (Manganese): 49 mg, E6 (Zinc): 148 mg, E8 (Selenium): 0.05 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P.: protein selected for its very high assimilation.

MINI Sensible Small dogs up to 10 kg

# MEDIUM Starter

For medium dogs. Adult weight between 11 and 25 kg  
Bitch during gestation and lactation - Weaning puppies up to 2 months old

## START COMPLEX

Digestive Health - Natural Defences

The fruit of ongoing science from Royal Canin, START COMPLEX is an exclusive combination of nutritional elements which are present in mother's milk, reinforced with specific nutrients which actively contribute to promoting digestive health and supporting the puppy's natural defences.

## Birth programme

Inspired by Professional research, **BIRTH PROGRAMME** is a unique nutritional solution which meets the needs of the bitch and her puppies during the first five stages of life cycle: gestation, birth, lactation, weaning, and growth up to 2 months old.

### GESTATION/LACTATION SUPPORT

Nutritional profile which is adapted to the bitch's high energy needs at end of gestation and during lactation.

### IDEAL FOR TRANSITION FROM MILK

Nutritional response which facilitates the transition from mother's milk to solid food (energy value, quality protein, fats).

### EASY REHYDRATION

The kibbles easily rehydrate to a porridge-like consistency which is very palatable for the bitch and her weaning puppies.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, animal fats, vegetable protein jusqu'à 2 mois isolate\*, maize, beet pulp, hydrolysed animal proteins, minerals, fish oil, soya oil, fructo-oligo-saccharides, fatty acid salt, hydrolysed yeast (source of manno-oligo-saccharides and beta-glucans), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 13900 IU, Vitamin D3: 1200 IU, E1 (Iron): 47 mg, E2 (Iodine): 3.6 mg, E4 (Copper): 8 mg, E5 (Manganese): 61 mg, E6 (Zinc): 201 mg, E8 (Selenium): 0.08 mg, Beta-carotene: 40 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

MEDIUM Starter Medium dogs from 11 to 25 kg

# MEDIUM Junior

For medium dogs. Adult weight from 11 to 25 kg  
From 2 to 12 months old

## NATURAL DEFENCES

Helps support the puppy's natural defences, thanks particularly to an antioxidant complex and manno-oligo-saccharides.

PREBIOTICS & L.I.P.

## Digestive health

An exclusive combination of nutrients to support optimal digestive security (L.I.P. proteins) and a balanced intestinal flora (prebiotics: FOS, MOS) which also contribute to good stool quality.

## SHORT GROWTH - HIGH ENERGY

Meets the high energy needs of medium breed puppies which have a short growth period.

## MINERAL BALANCE (CALCIUM / PHOSPHORE)

Helps ensure robust skeletal development in medium breed puppies thanks to an adapted intake of calcium and phosphorus.

## INGREDIENTS

### Composition

Dehydrated poultry protein, animal fats, maize, wheat, beet pulp, wheat flour, rice, maize flour, hydrolysed animal proteins, vegetable protein isolate\*, maize gluten, fish oil, yeasts, soya oil, minerals, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 11800 IU, Vitamin D3: 1000 IU, E1 (Iron): 46 mg, E2 (Iodine): 3.6 mg, E4 (Copper): 8 mg, E5 (Manganese): 60 mg, E6 (Zinc): 199 mg, E8 (Selenium): 0.08 mg - Preservatives - Antioxidants.

ROYAL CANIN

MEDIUM Junior Medium dogs from 11 to 25 kg

# MEDIUM Adult

For medium dogs from 11 to 25 kg  
Over 12 months old

**Natural defences**

Helps support the dog's natural defences, thanks particularly to an antioxidant complex and manno-oligo-saccharides.

## HIGH DIGESTIBILITY

Helps promote optimal digestibility thanks to an exclusive formula including very high quality proteins and a balanced supply of dietary fibre.

## OMEGA 3 : EPA - DHA

Enriched formula with Omega 3 fatty acids (EPA-DHA) to help maintain a healthy skin.

## HIGH PALATABILITY

Satisfies the appetite of medium breed dogs thanks to carefully selected flavourings.

## INGREDIENTS

### Composition

Dehydrated poultry protein, maize flour, maize, wheat flour, animal fats, wheat, hydrolysed animal proteins, beet pulp, fish oil, soya oil, yeasts, minerals, hydrolysed yeast (source of manno-oligo-saccharides).

### Additives (per kg)

Nutritional additives: Vitamin A: 12000 IU, Vitamin D3: 800 IU, E1 (Iron): 46 mg, E2 (Iodine): 4.6 mg, E4 (Copper): 9 mg, E5 (Manganese): 60 mg, E6 (Zinc): 181 mg, E8 (Selenium): 0.12 mg - Preservatives - Antioxidants.

# MEDIUM Adult 7+ YEARS OLD For medium dogs from 11 to 25 kg From 7 years old

**Vitality support**

Adapted content of nutrients to help maintain vitality in medium breed dogs facing the first signs of ageing. Contains an exclusive complex of antioxidants to help neutralise free radicals.

## ▶ DIGESTIVE TOLERANCE

Helps promote optimal digestibility thanks to an exclusive formula including very high quality proteins and a balanced supply of dietary fibre.

## ▶ COAT CONDITION

This formula contains nutrients that help support a healthy skin and coat. Enriched with EPA-DHA.

## ▶ DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, maize, wheat flour, animal fats, maize flour, vegetable protein isolate\*, wheat, hydrolysed animal proteins, beet pulp, fish oil, soya oil, yeasts, minerals, fructo-oligo-saccharides, psyllium husks and seeds, hydrolysed yeast (source of manno-oligo-saccharides), borage oil, marigold extract (source of lutein), green tea and grape extracts (source of polyphenols).

### Additives (per kg)

Nutritional additives: Vitamin A: 21800 IU, Vitamin D3: 1000 IU, E1 (Iron): 45 mg, E2 (Iodine): 4.5 mg, E4 (Copper): 9 mg, E5 (Manganese): 58 mg, E6 (Zinc): 174 mg, E8 (Selenium): 0.07 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

MEDIUM Dermacomfort Medium dogs from 11 to 25 kg

# MEDIUM Light

For medium dogs from 11 to 25 kg with tendency to gain weight  
Over 12 months old

Helps reduce your dog's energy intake by 30%\* while giving the same quantity of food. Helps achieve and maintain ideal weight by combining an increased protein content (27%) with a low fat content (11%) and L-carnitine to aid the metabolism of fats while maintaining muscle mass.

\*compared to a maintenance feed.

## APPETITE SATISFACTION

Enriched formula with fibres which contributes to reducing the feeling of hunger between meals while satisfying the dog's appetite.

## ANTIOXIDANT COMBINATION

A synergistic combination of antioxidants to help neutralise free radicals.

## INGREDIENTS

### Composition

Dehydrated poultry protein, barley, vegetable fibres, rice, maize, hydrolysed animal proteins, animal fats, beet pulp, wheat, maize gluten, yeasts, fish oil, fructo-oligo-saccharides, soya oil, minerals, hydrolysed yeast (source of manno-oligo-saccharides).

### Additives (per kg)

Nutritional additives: Vitamin A: 10500 IU, Vitamin D3: 900 IU, E1 (Iron): 40 mg, E2 (Iodine): 3.15 mg, E4 (Copper): 9 mg, E5 (Manganese): 52 mg, E6 (Zinc): 174 mg, E8 (Selenium): 0.07 mg, L-carnitine: 200 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

ROYAL CANIN

MEDIUM Light Medium dogs from 11 to 25 kg

# MAXI Starter

For large puppies. Adult weight between 26 and 44 kg  
Bitch during gestation and lactation - Weaning puppies up to 2 months old

## START COMPLEX Digestive Health - Natural Defences

The fruit of ongoing science from Royal Canin, START COMPLEX is an exclusive combination of nutritional elements which are present in mother's milk, reinforced with specific nutrients which actively contribute to promoting digestive health and supporting the puppy's natural defences.

## Birth programme

Inspired by Professional research, **BIRTH PROGRAMME** is a unique nutritional solution which meets the needs of the bitch and her puppies during the first five stages of life cycle: gestation, birth, lactation, weaning, and growth up to 2 months old.

### GESTATION/LACTATION SUPPORT

Nutritional profile which is adapted to the bitch's high energy needs at end of gestation and during lactation.

### IDEAL FOR TRANSITION FROM MILK

Nutritional response which facilitates the transition from mother's milk to solid food (energy value, quality protein, fats).

### EASY REHYDRATION

The kibbles easily rehydrate to a porridge-like consistency which is very palatable for the bitch and her weaning puppies.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, animal fats, vegetable protein isolate\*, hydrolysed animal proteins, maize, beet pulp, minerals, soya oil, vegetable fibres, fish oil, fatty acid salt, fructo-oligo-saccharides, psyllium husks and seeds, hydrolysed yeast (source of manno-oligo-saccharides and beta-glucans), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 13900 IU, Vitamin D3: 1200 IU, E1 (Iron): 48 mg, E2 (Iodine): 3.7 mg, E4 (Copper): 8 mg, E5 (Manganese): 63 mg, E6 (Zinc): 206 mg, E8 (Selenium): 0.08 mg, Beta-carotene: 40 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

MAXI Starter Large dogs from 26 to 44 kg

# MAXI Junior

For large dogs. Adult weight from 26 to 44 kg  
From 2 to 15 months old

## NATURAL DEFENCES

Helps support the puppy's natural defences, thanks particularly to an antioxidant complex and manno-oligo-saccharides.

PREBIOTICS & L.I.P.

## Digestive health

An exclusive combination of nutrients to support optimal digestive security (L.I.P. proteins) and a balanced intestinal flora (prebiotics : FOS, MOS) which also contribute to good stool quality.

## LONG GROWTH - MODERATE ENERGY

Meets the moderate energy needs of large breed puppies which have a long growth period.

## BONE AND JOINT SUPPORT

Contributes to good bone mineralisation in large breed puppies thanks to a balanced intake of energy and minerals (calcium and phosphorus), thus supporting bone consolidation and joints.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, maize flour, animal fats, hydrolysed animal proteins, maize gluten, maize, minerals, beet pulp, vegetable fibres, vegetable protein isolate\*, soya oil, fish oil, psyllium husks and seeds, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

### Additives (per kg)

Nutritional additives: Vitamin A: 11600 IU, Vitamin D3: 1000 IU, E1 (Iron): 48 mg, E2 (Iodine): 3.7 mg, E4 (Copper): 8 mg, E5 (Manganese): 63 mg, E6 (Zinc): 206 mg, E8 (Selenium): 0.08 mg - Preservatives - Antioxidants.

ROYAL CANIN

MAXI Junior Large dogs from 26 to 44 kg

# MAXI Adult

For large dogs from 26 to 44 kg  
From 15 months old

**High digestibility**

Helps promote optimal digestibility thanks to an exclusive formula including very high quality proteins and a balanced supply of dietary fibre.

## ▶ BONE & JOINT SUPPORT

Helps support large breed dogs' bones and joints placed under stress.

## ▶ HIGH PALATABILITY

Satisfies the appetite of large breed dogs thanks to carefully selected flavourings.

## ▶ OMEGA 3: EPA - DHA

Enriched formula with Omega 3 fatty acids (EPA-DHA) to help maintain a healthy skin.

## INGREDIENTS

### Composition

Maize, dehydrated poultry protein, maize flour, animal fats, hydrolysed animal proteins, beet pulp, maize gluten, minerals, fish oil, soya oil, yeasts, hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

### Additives (per kg)

ROYAL CANIN

MAXI Adult Large dogs from 26 to 44 kg

# MAXI Adult 5+ YEARS OLD

For large dogs from 26 to 44 kg  
From 5 to 8 years old

Adapted content of nutrients to help maintain vitality in large breed dogs facing the first signs of ageing. Contains an exclusive complex of antioxidants to help neutralise free radicals.

## ▶ BONE & JOINT SUPPORT

Helps support large breed dogs' bones and joints placed under stress.

## ▶ DIGESTIVE TOLERANCE

Helps promote optimal digestibility thanks to an exclusive formula including very high quality proteins and a balanced supply of dietary fibre.

## ▶ DENTAL HEALTH

Helps reduce tartar formation thanks to the chelation agents in calcium.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, animal fats, wheat, maize flour, wheat flour, vegetable protein isolate\*, hydrolysed animal proteins, maize gluten, maize, vegetable fibres, minerals, beet pulp, fish oil, yeasts, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, borage oil, marigold extract (source of lutein), green tea and grape extracts (source of polyphenols), hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

### Additives (per kg)

Nutritional additives: Vitamin A: 22400 IU, Vitamin D3: 1000 IU, E1 (Iron): 46 mg, E2 (Iodine): 4.6 mg, E4 (Copper): 9 mg, E5 (Manganese): 59 mg, E6 (Zinc): 178 mg, E8 (Selenium): 0.1 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

# MAXI Dermacomfort

For large dogs from 26 to 44 kg prone to skin irritation and itching  
Over 15 months old

**Reduced allergen formula**

Specific formula with selected protein sources of very high quality. **MAXI DERMACOMFORT** is particularly suited to large breed dogs prone to skin irritation and itching.

## HEALTHY SKIN COCKTAIL

A unique combination of nutrients containing an exclusive complex to help support the skin's barrier role, combined with Omega 6 fatty acids (including gamma-linolenic acid) and Omega 3 fatty acids (including EPA and DHA) known for their beneficial effects on skin.

## HIGH PALATABILITY

Satisfies the appetite of large breed dogs thanks to carefully selected flavourings.

## INGREDIENTS

### Composition

Rice, wheat gluten, wheat, animal fats, maize, maize gluten, husked oats, hydrolysed poultry liver, minerals, soya oil, beet pulp, fish oil (source of EPA and DHA), flax seeds (source of omega 3), fructo-oligo-saccharides, borage oil (source of gamma-linolenic acid), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 30000 IU, Vitamin D3: 800 IU, E1 (Iron): 56 mg, E2 (Iodine): 5.6 mg, E4 (Copper): 11 mg, E5 (Manganese): 73 mg, E6 (Zinc): 219 mg, E8 (Selenium): 0.13 mg - Preservatives - Antioxidants.

MAXI Dermacomfort Large dogs from 26 to 44 kg

# MAXI Light

For large dogs from 26 to 44 kg with tendency to gain weight  
Over 15 months old

Helps reduce your dog's energy intake by 30%\* while giving the same quantity of food. Helps achieve and maintain ideal weight by combining an increased protein content (27%) with a low fat content (11%) and L-carnitine to aid the metabolism of fats while maintaining muscle mass.  
\*compared to a maintenance feed.

## APPETITE SATISFACTION

Enriched formula with fibres which contributes to reducing the feeling of hunger between meals while satisfying the dog's appetite.

## BONE & JOINT SUPPORT

Helps support bones and joints placed under stress in the case of excess weight.

## INGREDIENTS

### Composition

Maize, dehydrated poultry protein, barley, vegetable fibres, maize gluten, vegetable protein isolate\*, animal fats, hydrolysed animal proteins, beet pulp, minerals, fish oil, yeasts, fructo-oligo-saccharides, soya oil, hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

### Additives (per kg)

Nutritional additives: Vitamin A: 16900 IU, Vitamin D3: 900 IU, E1 (Iron): 40 mg, E2 (Iodine): 3.1 mg, E4 (Copper): 6 mg, E5 (Manganese): 53 mg, E6 (Zinc): 173 mg, E8 (Selenium): 0.06 mg, L-carnitine: 200 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

# GIANT Starter

For giant puppies. Adult weight from 45kg and over  
Bitch during gestation and lactation - Weaning puppies up to 2 months old

## START COMPLEX

Digestive Health - Natural Defences

The fruit of ongoing science from Royal Canin, START COMPLEX is an exclusive combination of nutritional elements which are present in mother's milk, reinforced with specific nutrients which actively contribute to promoting digestive health and supporting the puppy's natural defences.

## Birth programme

Inspired by Professional research, **BIRTH PROGRAMME** is a unique nutritional solution which meets the needs of the bitch and her puppies during the first five stages of life cycle: gestation, birth, lactation, weaning, and growth up to 2 months old.

### GESTATION/LACTATION SUPPORT

Nutritional profile which is adapted to the bitch's high energy needs at end of gestation and during lactation.

### IDEAL FOR TRANSITION FROM MILK

Nutritional response which facilitates the transition from mother's milk to solid food (energy value, quality protein, fats).

### EASY REHYDRATION

The kibbles easily rehydrate to a porridge-like consistency which is very palatable for the bitch and her weaning puppies.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, animal fats, vegetable protein isolate\*, hydrolysed animal proteins, maize, beet pulp, minerals, soya oil, vegetable fibres, fish oil, fatty acid salt, fructo-oligo-saccharides, psyllium husks and seeds, hydrolysed yeast (source of manno-oligo-saccharides and beta-glucans), marigold extract (source of lutein).

### Additives (per kg)

Nutritional additives: Vitamin A: 13900 IU, Vitamin D3: 1200 IU, E1 (Iron): 48 mg, E2 (Iodine): 3.7 mg, E4 (Copper): 8 mg, E5 (Manganese): 63 mg, E6 (Zinc): 206 mg, E8 (Selenium): 0.08 mg, Beta-carotene: 40 mg - Preservatives - Antioxidants.

\*L.I.P. : protein selected for its very high assimilation.

GIANT Starter Giant dogs from 45 kg and over

# GIANT Puppy

For giant dogs. Adult weight from 45 kg and over  
From 2 to 8 months old

## NATURAL DEFENCES

Helps support the puppy's natural defences, thanks particularly to an antioxidant complex and manno-oligo-saccharides.

PREBIOTICS & L.I.P.

## Digestive health

An exclusive combination of nutrients to support optimal digestive security (L.I.P. proteins) and a balanced intestinal flora (prebiotics: FOS, MOS) which also contribute to good stool quality.

## INTENSE GROWTH - CONTROLLED ENERGY

Helps support high growth rate during the first growth phase in giant breed puppies and avoid excess weight gain thanks to an adapted energy content.

## BONE & JOINT SUPPORT

Contributes to good bone mineralisation in giant breed puppies thanks to a balanced intake of energy and minerals (calcium and phosphorus), thus supporting bone consolidation and joints.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, vegetable protein isolate\*, maize, animal fats, hydrolysed animal proteins, beet pulp, minerals, soya oil, yeasts, fish oil, fructo-oligo-saccharides, psyllium husks and seeds, hydrolysed yeast (source of manno-oligo-saccharides), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

GIANT Adult Giant dogs from 45 kg and over

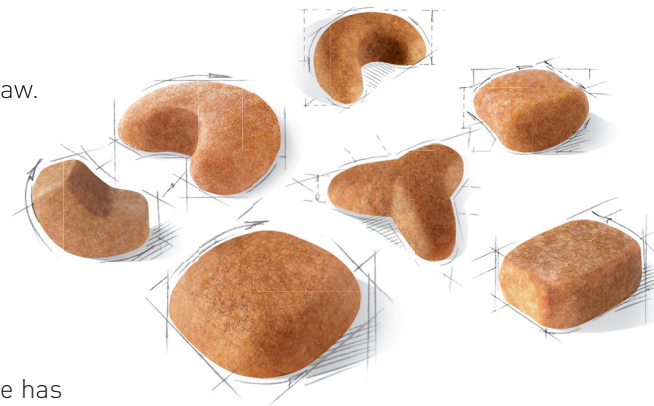

## Tailor made nutrition fo Pure Breed Dogs : an exclusive kibble for each breed

A concentration of technical expertise born from the **unique knowledge** of Royal Canin combined with the **practical experience** of Breeders.

### SHAPE

A Breed specific kibble is exclusively adapted to the individual breed's jaw.

### TEXTURE

A Breed specific kibble has an individual texture designed to break at a specific time.

### ERGONOMICS

A Breed specific kibble has unique ergonomics affecting the time taken to crunch and the ease with which the food is picked up.

### DENSITY

A Breed specific kibble is designed specifically to adapt to each rate of ingestion.

# Beagle Adult

For adult dogs over 12 months old

Exclusive kibble  
Actual size

E.P.A & D.H.A

- IDEAL WEIGHT**  
 The Beagle is known for his tendency to gain weight. This formula helps maintain the Beagle's ideal weight thanks to an adapted calorie content.
- FOOD INTAKE CONTROL**  
 The kibble's exclusive shape helps reduce the rate of food intake and encourage chewing. This formula also contains a combination of fibres.
- BONE & JOINT HEALTH**  
 This specific formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA & DHA.
- EXCLUSIVE KIBBLE**  
 The kibble's texture and formula are adapted to the Beagle dog.

## INGREDIENTS

### Composition

Dehydrated poultry protein, maize, rice, wheat, animal fats, maize gluten, hydrolysed animal proteins, vegetable fibres, vegetable protein isolate\*, beet pulp, minerals, fish oil, yeasts, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), borage oil, green tea and grape extracts (source of polyphenols), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 28000 IU, Vitamin D3: 700 IU, E1 (Iron): 42 mg, E2 (Iodine): 4.2 mg, E4 (Copper): 5 mg, E5 (Manganese): 55 mg, E6 (Zinc): 164 mg, E8 (Selenium): 0.09 mg - Preservatives - Antioxidants.

# Boxer Adult

For adult dogs over 15 months old

Exclusive kibble  
Actual size

Taurine & Protein 26%

- IDEAL MUSCLE MASS**  
 BOXER ADULT contributes to maintaining muscle mass thanks to an adapted protein content (26%). This formula also contains L-carnitine.
- HEALTHY CARDIAC FUNCTION**  
 This formula contains specific nutrients to help support good cardiac function. Enriched with taurine and EPA & DHA.
- ANTIOXIDANT COMPLEX**  
 This formula contains an exclusive complex of antioxidants to help neutralise free radicals.
- EXCLUSIVE KIBBLE : SPECIAL BRACHYCEPHALIC JAW**  
 A kibble exclusively designed to make it easier for the Boxer to pick up and to encourage him to chew.

## INGREDIENTS

### Composition

Rice, animal fats, dehydrated poultry protein, maize, vegetable protein isolate\*, hydrolysed animal proteins, minerals, vegetable fibres, beet pulp, soya oil, fish oil, dehydrated tomato, copra oil, hydrolysed yeast (source of manno-oligosaccharides), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), green tea and grape extracts (source of polyphenols), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 27400 IU, Vitamin D3: 700 IU, E1 (Iron): 50 mg, E2 (Iodine): 5 mg, E4 (Copper): 7 mg, E5 (Manganese): 66 mg, E6 (Zinc): 197 mg, E8 (Selenium): 0.11 mg, L-carnitine: 830 mg, Taurine: 2.3 g - Preservatives - Antioxidants.

Omega 3 & Borage Oil

- HEALTHY SKIN & COAT**  
 This formula helps support the skin's "barrier" role (exclusive complex), maintain skin health (EPA & DHA, vitamin A) and nourish the coat. Enriched with borage oil.
- DIGESTIVE HEALTH**  
 This formula contributes to supporting digestive health and promoting a balance in the intestinal flora.
- NATURAL DEFENCES**  
 This formula helps support the Cocker Spaniel puppy's natural defences.
- EXCLUSIVE KIBBLE : DENTAL HEALTH**  
 This formula helps reduce tartar formation thanks to calcium chelators.

## INGREDIENTS

### Composition

Dehydrated poultry protein, maize, animal fats, vegetable protein isolate\*, wheat, beet pulp, wheat flour, rice, maize gluten, hydrolysed animal proteins, maize flour, minerals, fish oil, yeasts, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), borage oil (0.1%), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 29400 IU, Vitamin D3: 800 IU, E1 (Iron): 44 mg, E2 (Iodine): 4.5 mg, E4 (Copper): 9 mg, E5 (Manganese): 58 mg, E6 (Zinc): 173 mg, E8 (Selenium): 0.08 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

Dachshund Adult For adult dogs over 10 months old

# French Bulldog Adult

For adult dogs over 12 months old

- IDEAL MUSCLE MASS**  
 FRENCH BULLDOG ADULT contributes to maintaining muscle mass thanks to an optimal protein content (26%). This formula also contains L-carnitine.
- HEALTHY SKIN**  
 This formula helps support the skin's "barrier" role (exclusive complex) and maintain skin health (EPA & DHA).
- ODOUR REDUCTION**  
 This formula contributes to reducing intestinal fermentation which may cause digestive disorders, flatulence and bad stool odour.
- EXCLUSIVE KIBBLE : SPECIAL BRACHYCEPHALIC JAW**  
 A kibble exclusively designed to make it easier for the French Bulldog to pick up and to encourage him to chew.

## INGREDIENTS

### Composition

Rice, wheat, animal fats, vegetable protein isolate\*, dehydrated poultry protein, hydrolysed animal proteins, beet pulp, minerals, soya oil, fish oil, fructo-oligo-saccharides, hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), green tea and grape extracts (source of polyphenols), hydrolysed cartilage (source of chondroitin).

German Shepherd Junior For puppies up to 15 months old

# German Shepherd Adult

For adult dogs over 15 months old

- DIGESTIVE PERFORMANCE**  
 Contributes to supporting digestive health while taking into account the German Shepherd's digestive sensitivity, thanks to highly digestible L.I.P. proteins and a selection of specific fibres to limit intestinal fermentation while promoting a balance in the intestinal flora.
- HEALTHY SKIN & COAT**  
 This formula helps support the skin's "barrier" role (exclusive complex) and maintain skin and coat health (EPA & DHA).
- BONE & JOINT HEALTH**  
 This specific formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA & DHA.
- EXCLUSIVE KIBBLE**  
 The kibble's shape, size, texture and formula are adapted to the German Shepherd dog.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, animal fats, vegetable protein isolate\*, maize flour, vegetable fibres, hydrolysed animal proteins, minerals, beet pulp, soya oil, fish oil, copra oil, hydrolysed yeast (source of manno-oligo-saccharides), hydrolysed crustaceans (source of glucosamine), green tea and grape extracts (source of polyphenols), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 24700 IU, Vitamin D3: 800 IU, E1 (Iron): 40 mg, E2 (Iodine): 2.8 mg, E4 (Copper): 12 mg, E5 (Manganese): 53 mg, E6 (Zinc): 200 mg, E8 (Selenium): 0.1 mg - Preservatives - Antioxidants.

German Shepherd Adult For adult dogs over 15 months old

# Golden Retriever Junior

For puppies up to 15 months old

Exclusive kibble  
Actual size

Borage Oil & Prebiotics

- HEALTHY SKIN & COAT**  
 GOLDEN RETRIEVER JUNIOR helps support the skin's "barrier" role (exclusive complex) and maintain skin and coat health (EPA & DHA). Enriched with borage oil.
- DIGESTIVE HEALTH**  
 This formula contributes to supporting digestive health and promoting a balance in the intestinal flora.
- NATURAL DEFENCES**  
 This formula helps support the Golden Retriever puppy's natural defences.
- EXCLUSIVE KIBBLE**  
 The kibble's shape, size, texture and formula are adapted to the Golden Retriever puppy.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, maize, vegetable protein isolate\*, animal fats, wheat, vegetable fibres, hydrolysed animal proteins, beet pulp, minerals, fish oil, soya oil, fructo-oligo-saccharides, psyllium husks and seeds, hydrolysed yeast (source of manno-oligo-saccharides), hydrolysed crustaceans (source of glucosamine), borage oil (0.1%), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 24400 IU, Vitamin D3: 800 IU, E1 (Iron): 40 mg, E2 (Iodine): 2.8 mg, E4 (Copper): 9 mg, E5 (Manganese): 53 mg, E6 (Zinc): 198 mg, E8 (Selenium): 0.1 mg - Preservatives - Antioxidants

Golden Retriever Adult For adult dogs over 15 months old

# Great Dane Adult

For adult dogs over 24 months old

- CONCENTRATED ENERGY**  
 Adequate energy level to meet the high energy needs of the Great Dane without overloading the stomach. It is important to divide the daily ration into at least 2 meals in order to limit the risk of gastric dilatation-volvulus.
- DIGESTIVE PERFORMANCE**  
 Contributes to supporting digestive health while taking into account the Great Dane's digestive sensitivity, thanks to highly digestible L.I.P. proteins and a selection of specific fibres to limit intestinal fermentation while promoting a balance in the intestinal flora.
- BONE & JOINT HEALTH**  
 This specific formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA & DHA.
- EXCLUSIVE KIBBLE**  
 The kibble's shape, size, texture and formula are adapted to the Great Dane dog: they help reduce the rate of food intake and encourage chewing.

## INGREDIENTS

### Composition

Animal fats, tapioca, dehydrated poultry protein, vegetable protein isolate\*, maize flour, rice, hydrolysed animal proteins, minerals, vegetable fibres, fish oil, beet pulp, yeasts, soya oil, hydrolysed yeast (source of manno-oligo- saccharides), hydrolysed crustaceans (source of glucosamine), marigold extract (source of lutein), green tea extracts (source of polyphenols), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 31200 IU, Vitamin D3: 800 IU, E1 (Iron): 51 mg, E2 (Iodine): 5.1 mg, E4 (Copper): 6 mg, E5 (Manganese): 66 mg, E6 (Zinc): 199 mg, E8 (Selenium): 0.11 mg - Preservatives - Antioxidants.

## FEEDING GUIDELINES

Dog Weight	Normal activity		Activity	
	(g)	cup	(g)	cup
50 kg	634 g	7	765 g	8+3/8
55 kg	681 g	7+4/8	822 g	9
60 kg	727 g	8	877 g	9+5/8
65 kg	772 g	8+4/8	931 g	10+2/8
70 kg	816 g	9	985 g	10+6/8
75 kg	859 g	9+3/8	1 037 g	11+3/8
80 kg	902 g	9+7/8	1 088 g	11+7/8

**GB** – We recommend that the daily ration be given in at least 2 meals so as to reduce the risks of gastric dilatation-volvulus.  
**FR** – Il est important de fractionner la ration quotidienne en 2 repas minimum afin de réduire les risques de dilatation-torsion d'estomac.  
**DE** – Es wird empfohlen, die Tagesration auf mindestens 2 Mahlzeiten aufzuteilen, um die eventuellen möglichen Risiken einer Magen dehnung bzw. -drehung zu reduzieren.  
**IT** – È importante frazionare la razione quotidiana in almeno 2 pasti per ridurre i rischi di dilatazione-torsione dello stomaco.

Labrador Retriever Junior For puppies up to 15 months old

# Labrador Retriever Adult

For adult dogs over 15 months old

- IDEAL WEIGHT**  
 The Labrador Retriever is known for his tendency to gain weight. This formula helps maintain the Labrador Retriever's ideal weight thanks to an adapted calorie content.
- BONE & JOINT HEALTH**  
 This specific formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA & DHA.
- HEALTHY SKIN & COAT**  
 LABRADOR RETRIEVER ADULT helps support the skin's "barrier" role (exclusive complex) and maintain skin and coat health (EPA & DHA). Enriched with borage oil.
- EXCLUSIVE KIBBLE**  
 The kibble's texture and formula are adapted to the Labrador Retriever dog, and its exclusive shape helps reduce the rate of food intake.

## INGREDIENTS

### Composition

Dehydrated poultry protein, maize, rice, maize gluten, animal fats, hydrolysed animal proteins, vegetable protein isolate\*, vegetable fibres, beet pulp, yeasts, minerals, fish oil, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, hydrolysed crustaceans (source of glucosamine), borage oil (0.1%), green tea and grape extracts (source of polyphenols), marigold extract (source of lutein), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 23900 IU, Vitamin D3: 800 IU, E1 (Iron): 39 mg, E2 (Iodine): 2.7 mg, E4 (Copper): 1 mg, E5 (Manganese): 52 mg, E6 (Zinc): 194 mg, E8 (Selenium): 0.1 mg - Preservatives - Antioxidants.

## FEEDING GUIDELINES

Dog Weight	Normal activity		Activity			
	(g)	cup	(g)	cup		
26 kg	301 g	4	349 g	4+6/8	397 g	5+3/8
28 kg	319 g	4+2/8	369 g	5	419 g	5+5/8
30 kg	336 g	4+4/8	389 g	5+2/8	442 g	6
32 kg	352 g	4+6/8	408 g	5+4/8	463 g	6+2/8
34 kg	369 g	5	427 g	5+6/8	485 g	6+4/8
36 kg	385 g	5+1/8	445 g	6	506 g	6+6/8

Labrador Retriever Adult For adult dogs over 15 months old

# Maltese Adult

For adult dogs over 10 months old

Exclusive kibble  
Actual size

Omega 3 & 6

- COAT HEALTH**  
 This exclusive formula contributes to maintaining health of the Maltese's long coat. Enriched with adapted content of Omega 3 fatty acids (EPA & DHA), Omega 6 fatty acids, borage oil and biotin.
- STOOL AND ODOUR REDUCTION**  
 This formula helps reduce faecal smell and volume.
- SATISFIES FUSSY APPETITES**  
 This formula satisfies the fussiest of appetites thanks to a combination of exceptional flavours.
- EXCLUSIVE KIBBLE : DENTAL HEALTH**  
 This formula helps reduce tartar formation thanks to calcium chelators.

## INGREDIENTS

### Composition

Maize, rice, dehydrated poultry protein, animal fats, hydrolysed animal proteins, vegetable protein isolate\*, maize flour, chicory pulp, soya oil, minerals, fish oil, yeasts, fructo-oligo-saccharides, borage oil (0.1%), marigold extract (source of lutein), green tea and grape extracts (source of polyphenols), hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 29500 IU, Vitamin D3: 800 IU, Biotin: 3.07 mg, E1 (Iron): 52 mg, E2 (Iodine): 5.2 mg, E4 (Copper): 10 mg, E5 (Manganese): 67 mg, E6 (Zinc): 201 mg, E8 (Selenium): 0.11 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

Rottweiler Adult For adult dogs over 18 months old

# Shih Tzu Junior

For puppies up to 10 months old

Exclusive kibble  
Actual size

Omega 3 - Borage Oil

- HEALTHY SKIN & COAT**  
 SHIH TZU JUNIOR helps support the skin's "barrier" role (exclusive complex), maintain skin health (EPA & DHA, vitamin A) and nourish the coat. Enriched with borage oil.
- DIGESTIVE HEALTH**  
 This formula contributes to supporting digestive health and promoting a balance in the intestinal flora.
- NATURAL DEFENCES**  
 This formula helps support the Shih Tzu puppy's natural defences.
- EXCLUSIVE KIBBLE : SPECIAL BRACHYCEPHALIC JAW**  
 A kibble exclusively designed to make it easier for the Shih Tzu puppy to pick up and to encourage him to chew.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, maize, animal fats, vegetable protein isolate\*, beet pulp, hydrolysed animal proteins, minerals, fish oil, soya oil, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), borage oil (0.1%), marigold extract (source of lutein).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 28000 IU, Vitamin D3: 700 IU, E1 (Iron): 52 mg, E2 (Iodine): 5.2 mg, E4 (Copper): 10 mg, E5 (Manganese): 67 mg, E6 (Zinc): 201 mg, E8 (Selenium): 0.11 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

Shih Tzu Adult For adult dogs over 10 months old

DOG

# West Highland White Terrier Adult

For adult dogs over 10 months old

- COAT HEALTH**  
 Compared to other dog breeds, the West Highland White Terrier has a rough coat and delicate skin. This formula contains specific amino acids for hair growth and fatty acids from borage oil and flax seeds for skin health.
- HEALTHY SKIN**  
 This formula helps support the skin's "barrier" role (exclusive complex) and maintain skin health (EPA & DHA).
- SATISFIES FUSSY APPETITES**  
 This formula satisfies the fussiest of appetites thanks to a combination of exceptional flavours.
- EXCLUSIVE KIBBLE : DENTAL HEALTH**  
 This formula helps reduce tartar formation thanks to calcium chelators.

## INGREDIENTS

### Composition

Maize flour, dehydrated poultry protein, rice, maize, animal fats, hydrolysed animal proteins, wheat, chicory pulp, soya oil, minerals, fish oil, flax seeds (0.5%), fructo-oligo-saccharides, borage oil (0.1%), marigold extract (source of lutein), green tea and grape extracts (source of polyphenols), hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

### Additives (per kg)

Nutritional additives: Vitamin A: 29400 IU, Vitamin D3: 800 IU, E1 (Iron): 80 mg, E2 (Iodine): 5.4 mg, E4 (Copper): 6 mg, E5 (Manganese): 62 mg, E6 (Zinc): 209 mg, E8 (Selenium): 0.24 mg - Technological additives: Pentasodium triphosphate: 3.5 g - Preservatives - Antioxidants.

DOG

# Lifestyle Health Nutrition

Great Health for every lifestyle

1 way of life, 1 age,  
1 nutritional answer.

The only programme to cater for dog's different lifestyles.

DOG 

## URBAN LIFE

For dogs in an intense urban environment

## SPORTING LIFE

For sporting & working dogs who do an intense activity

## INDOOR LIFE

For dogs with a mainly quiet and indoor life

# URBAN LIFE JUNIOR

For small breed puppies (up to 10 months old and adult weight up to 10kg) living in an urban environment.

Supports intense city life

**URBAN LIFE JUNIOR** contains an exclusive blend of antioxidants for urban dogs exposed to oxidative stress resulting from a polluted environment. This formula, which contains specific fish nutrients, also helps support the health of your urban dog in intense situations.

### HEALTHY GROWTH

Formulated with an excellent balance of nutrients to meet the puppy's high energy needs. It contains prebiotics and high quality proteins (L.I.P.\*) to support digestive health.

### NATURAL DEFENCES

Contains antioxidants to help support your dog's developing natural defences.

## INGREDIENTS

### Composition

Dehydrated poultry protein, maize, animal fats, maize flour, rice, vegetable protein isolate\*, beet pulp, maize gluten, hydrolysed animal proteins, minerals, fish oil, soya oil, psyllium husks and seeds, fructo-oligo-saccharides, hydrolysed fish protein, hydrolysed yeast (source of manno-oligo-saccharides), marigold extract (source of lutein).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 24900 IU, Vitamin D3: 1200 IU, E1 (Iron): 41 mg, E2 (Iodine): 4.1 mg, E4 (Copper): 13 mg, E5 (Manganese): 53 mg, E6 (Zinc): 159 mg, E8 (Selenium): 0.09 mg - Technological additives: Clinoptilolite of sedimentary origin: 10 g - Preservatives - Antioxidants.

For adult small breed dogs (over 10 months old and weight up to 10kg) living in an urban environment.

### Easily breakable kibble

The unique shape, texture, and size of the kibble make it easy to grasp and crunch, thus encouraging chewing for dogs of different sizes.

Supports intense city life

**URBAN LIFE ADULT** contains an exclusive blend of antioxidants for urban dogs exposed to oxidative stress resulting from a polluted environment. This formula, which contains specific fish nutrients, also helps support the health of your urban dog in intense situations: crowded and noisy places, heavy traffic.

### LIVELINESS

Contains nutrients needed for good brain function.

## INGREDIENTS

### Composition

Maize, maize flour, dehydrated poultry protein, rice, animal fats, hydrolysed animal proteins, maize gluten, vegetable protein isolate\*, beet pulp, vegetable fibres, fish oil, soya oil, yeasts, minerals, psyllium husks and seeds, hydrolysed fish protein, hydrolysed yeast (source of manno-oligo-saccharides), marigold extract (source of lutein).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 21700 IU, Vitamin D3: 1000 IU, E1 (Iron): 41 mg, E2 (Iodine): 4.1 mg, E4 (Copper): 13 mg, E5 (Manganese): 53 mg, E6 (Zinc): 159 mg, E8 (Selenium): 0.09 mg - Technological additives: Clinoptilolite of sedimentary origin: 10 g - Preservatives - Antioxidants.

URBAN LIFE ADULT Large dogs from 11 to 44kg

# URBAN LIFE JUNIOR WET

Puppies (up to 10/15 months old and adult weight up to 44kg) living in an urban environment.

Supports intense city life

Urban dogs may be exposed to a polluted environment which may cause oxidative stress. URBAN LIFE JUNIOR contains an exclusive blend of antioxidants known for their beneficial effects. This formula, which contains specific fish nutrients, also helps support the health of urban dogs who may experience intense situations: crowded pavements, noisy public places, heavy traffic.

## HEALTHY GROWTH

The first months of a puppy's life are crucial: high quality nutrition is therefore important for a healthy future. URBAN LIFE JUNIOR is formulated with an excellent balance of nutrients to meet the puppy's high energy needs. Contains prebiotics and high quality proteins to support digestive health.

## NATURAL DEFENCES

The URBAN LIFE JUNIOR formula contains antioxidants to help support your dog's developing natural defences.

## INGREDIENTS

### Composition

Meat and animal derivatives, cereals, oils and fats, minerals, vegetable protein extracts, derivatives of vegetable origin, fish and fish derivatives, various sugars, yeasts.

### Additives (per kg)

Nutritional additives :Vitamin D3: 123 IU, E1 (Iron): 12 mg, E2 (Iodine): 0.35 mg, E4 (Copper): 2.8 mg, E5 (Manganese): 3.7 mg, E6 (Zinc): 37 mg - Technological additives: Clinoptilolite of sedimentary origin: 2 g.

URBAN LIFE ADULT WET Adult dogs

# INDOOR LIFE JUNIOR

For small breed puppies (up to 10 months old and adult weight up to 10kg) living mainly indoors.

**INDOOR LIFE JUNIOR** helps support digestive health and reduces faecal smell and volume thanks to highly digestible L.I.P., an appropriate fibre content and very high quality carbohydrate sources.

**NATURAL DEFENCES**  
Helps support your puppy's natural defences, thanks particularly to an exclusive antioxidant complex and prebiotics.

**COAT HEALTH**  
Contains nutrients which help support a healthy skin and coat. Enriched with Omega 3 fatty acids (EPA and DHA).

**DENTAL HEALTH**  
Contains calcium chelators to help reduce tartar formation and support oral hygiene.

## INGREDIENTS

### Composition

Rice, dehydrated poultry protein, animal fats, maize flour, vegetable protein isolate\*, maize, beet pulp, maize gluten, hydrolysed animal proteins, minerals, fish oil, soya oil, fructo-oligo-saccharides, hydrolysed yeast (source of manno-oligo-saccharides), marigold extract (source of lutein).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 24900 IU, Vitamin D3: 1200 IU, E1 (Iron): 41 mg, E2 (Iodine): 4.1 mg, E4 (Copper): 13 mg, E5 (Manganese): 53 mg, E6 (Zinc): 159 mg, E8 (Selenium): 0.06 mg - Technological additives: Clinoptilolite of sedimentary origin: 10 g - Preservatives - Antioxidants.

INDOOR LIFE ADULT  Small dogs up to 10kg

DOG

# SPORTING LIFE AGILITY 4100

For adult small breed dogs up to 10kg with short periods of intense activity.

**SPORTING LIFE AGILITY 4100** contains a high level of carbohydrates (40%) to provide energy which can be used quickly to maximise performance in sporting dogs with short periods of intense activity.

**SPORT PERFORMANCE** "SPORT PERFORMANCE" is an exclusive combination of nutrients which helps maintain healthy joints, supports a healthy digestive system (highly digestible L.I.P., specific fibres: FOS, psyllium), and helps neutralise free radicals (vitamin C, vitamin E, lutein, taurine).

**BODY CONDITION** Thanks to adequate levels of protein and fatty acids, adapted feeding guidelines, and regular exercise, AGILITY 4100 helps your dog maintain fitness for his activities.

## INGREDIENTS

### Composition

Maize flour, dehydrated poultry protein, maize, rice, animal fats, hydrolysed animal proteins, beet pulp, vegetable protein isolate\*, fish oil, soya oil, yeasts, minerals, psyllium husks and seeds (0.5%), fructo-oligo-saccharides (0.5%), marigold extract (source of lutein), hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).  
\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 21800 IU, Vitamin D3: 1000 IU, Vitamin C: 300 mg, Vitamin E: 500 mg, E1 (Iron): 42 mg, E2 (Iodine): 4.2 mg, E4 (Copper): 13 mg, E5 (Manganese): 55 mg, E6 (Zinc): 164 mg, E8 (Selenium): 0.11 mg, Taurine: 1.9 g - Preservatives - Antioxidants.

## FEEDING GUIDELINES

Dog Weight	? (g)	24H
1 kg	25 - 32 g	
3 kg	56 - 74 g	
5 kg	82 - 108 g	
7 kg	106 - 139 g	
10 kg	138 - 182 g	

**GB** We recommend you adjust the amount of food according to your dog's breed, body condition, activity level and the temperature of his environment.

SPORTING LIFE AGILITY 4100  Large dogs over 10kg 

# SPORTING LIFE TRAIL 4300

For adult dogs with long periods of sustained activity.

**SPORTING LIFE TRAIL 4300** contains balanced levels of carbohydrates (28%) and fatty acids (21%). Carbohydrates provide energy which can be used quickly from the early stage of physical effort whereas fatty acids are used gradually over the exercise period to maximise performance in sporting and working dogs with long periods of sustained activity.

**SPORT PERFORMANCE +** "SPORT PERFORMANCE +" is an exclusive combination of nutrients which helps maintain healthy joints, supports a healthy digestive system (highly digestible L.I.P., specific fibres: MOS, psyllium), and helps neutralise free radicals thanks to a strengthened antioxidant cocktail (vitamin E, lutein, beta-carotene).

**MUSCLE CONDITION** Thanks to a high level of protein (28%), TRAIL 4300 supports oxygen delivery to muscles and contributes to maintaining muscle mass.

## INGREDIENTS

### Composition

Dehydrated poultry protein, rice, maize flour, animal fats, vegetable protein isolate\*, maize gluten, hydrolysed animal proteins, vegetable fibres, minerals, beet pulp, fish oil, soya oil, psyllium husks and seeds (0.5%), marigold extract (source of lutein), hydrolysed yeast (source of manno-oligo-saccharides (0.2%)), hydrolysed crustaceans (source of glucosamine), hydrolysed cartilage (source of chondroitin).

\*L.I.P.: protein selected for its very high assimilation.

### Additives (per kg)

Nutritional additives: Vitamin A: 24700 IU, Vitamin D3: 1000 IU, Vitamin E: 600 mg, E1 (Iron): 42 mg, E2 (Iodine): 4.2 mg, E4 (Copper): 13 mg, E5 (Manganese): 55 mg, E6 (Zinc): 164 mg, E8 (Selenium): 0.08 mg - Technological additives: Clinoptilolite of sedimentary origin: 10 g - Preservatives - Antioxidants.

## FEEDING GUIDELINES

# STARTER mousse

MOTHER & BABYDOG

Gestating and lactating bitches and puppies  
from weaning up to 2 months old

[ Conditioning  
12 x 195g ]

Starter has been specially formulated to meet the requirements of the bitch at the demanding time of gestation and lactation and help the puppy (from weaning to 2 months) during the transition from maternal milk to solid food.

## INGREDIENTS

### Composition

meat and animal derivatives, cereals, derivatives of vegetable origin, oils and fats, milk and milk derivatives, minerals, yeasts.

### Additives (per kg)

Nutritional additives: vitamin D3 : 120 UI, E1 (iron) 4 mg, E2 (iodine) 0.17 mg, E4 (Copper) 1.4mg, E5 (Manganese) 1.3 mg, E6 (zinc) 13mg.

## INGREDIENTS

### Composition

meat and animal derivatives, cereals, derivatives of vegetable origin, minerals, oils and fats, vegetable protein extracts.

### Additives (per kg)

Nutritional additives: vitamin D3 : vitamin D3 :123 UI, E1 (iron) 14 mg, E2 (iodine) 0.12 mg, E4 (Copper) 0.9mg, E5 (Manganese) 4.2 mg, E6 (zinc) 42mg.

## FEEDING GUIDELINES

adult weight (kg)	2	3	5	7	10
1=195g	7/8	1 1/4	1 7/8	2 3/8	3 1/8

## ANALYTICAL CONSTITUENTS

Protein	10%
Fat content	6%
Crude fibres	1.6%
Crude ash	1.5%

### AMINO ACIDS

Taurine (%)	0.13	Methionine (%)	0.1
Arginine (%)	0.5	Met.+cystine (%)	0.2
Lysine (%)	0.55	L-Carnitine (mg/kg)	120

### MINERALS (TOTAL)

Calcium (%)	0.26
Phosphorus (%)	0.23
Sodium (%)	0.09
Chloride (%)	0.14
Potassium (%)	0.17
Magnesium (%)	0.017
Copper (mg/kg)	3
Iron (mg/kg)	55
Manganese (mg/kg)	6
Zinc (mg/kg)	58
Selenium (mg/kg)	0.19
Iodine (mg/kg)	0.20

### VITAMINS (TOTAL)

Vit.A (IU/kg)	6 900	B6 (Pyridoxin) (mg/kg)	1
Vit.D3 (IU/kg)	170	B12 (Cyanocobalamin) (mg/kg)	0.01
Vit.E (mg/kg)	130	Niacin (mg/kg)	200
Vit.C (mg/kg)	50	Biotin (mg/kg)	35
B1 (Thiamin) (mg/kg)	1	Folic acid (mg/kg)	0.1
B2 (Riboflavin) (mg/kg)	2	Choline (mg/kg)	650
Calcium pantothenate (mg/kg)	37		

### OTHER NUTRIENTS

Starch (%)	4.55	Arachidonic acid (%)	0.05
Dietary fibre (%)	1.95	Omega 6 (%)	1.45
Linoleic acid (%)	1.30	Omega 3 (%)	0.19
Lutein (mg/kg)	1.70	EPA +DHA (%)	0.10
